WICKLIFFE STANDARDS

Your success this school year depends on your EFFORT and INVOLVEMENT, RESPECT for yourself and others, and assuming RESPONSIBILITY for your actions.

Because we value education:

1. We are on time, prepared, and participate in class.
2. We respect the space and property of others.
3. We are considerate in language and actions.
4. We follow directions the first time they are given.

SCHEDULE

Morning Arrival – Main Building doors will open at 7:35 A.M. Buses are scheduled to arrive 7:35-7:40 A.M. Breakfast will be served from 7:35 to 8:00 A.M. **Students should be in their classes by 8:00 A.M.**

Afternoon Dismissal – Students who ride the bus will be dismissed at 3:50 P.M. Buses pull out at approx. 3:53 P.M. All other students will be dismissed following bus departure.

After the buses have left, car riders may be picked up by circling by the porch and staff members will help students get in vehicles. For the safety of the students, please follow these directions.

ATTENDANCE

Please contact the school by 10:00 A.M. every time a child will not be in attendance.

Attendance is one of the most important factors of academic success. Students shall not miss more than ten (10) days per semester in order to receive a passing grade. These ten (10) days include all excused and unexcused absences. The superintendent will consider known cases of extreme illness, injury or emergencies if the days exceed ten.

Excused Absence: An absence will be considered excused if a parent has contacted the school either by phone or in writing. Excused absences are illness, family emergencies, personal business, and professional appointments.

Students who receive an excused absence will be allowed to make up missed work within an allotted amount of time.

Unexcused Absence/Truancy: Absences are unexcused if students are absent from school without the knowledge and consent of their parents, and parental contact with the school.

Tardy: Students who are tardy will need to report to the office for a tardy slip. Students are considered tardy if they are not in class by 8:07 A.M. Students are also considered tardy if they are checked out at 3:40 P.M. Three (3) unexcused tardies, A.M or P.M., will result in an unexcused absence.

Ten-Day-Activity Rule: Students at Wickliffe School shall not exceed ten (10) days in out-of-classroom activities during one school year.

CUSTODIAL AND NONCUSTODIAL PARENTAL RIGHTS

It is the policy of the Board of Education that a Parent/Guardian who is awarded legal custody of a child by court action shall file a copy of the current court decree, awarding such custody, with the school. If a court decree to the contrary is absent, both natural Parent/Guardians have the right to view the student's school records, to receive progress reports, to visit the child briefly at school, and to participate in Parent/Guardian and teacher conferences (not necessarily together in the same conference).

NONDISCRIMINATION

Wickliffe School District does not discriminate on the basis of race, religion, sex, age, national origin, handicap, or other human differences. The Wickliffe district is aware of the provisions of Title IX and Section 504 and intends to comply with them.

IMMUNIZATIONS

All students are required to keep complete immunization records on file in the main office. These records must be kept in compliance with Oklahoma State Immunization Law.

The newest law requires that all seventh grade students show proof of having received one dose of T-dap (tetanus, diphtheria and pertussis) vaccine **before attendance is allowed**. Contact the Attendance Office, the Health Department or your family physician for an updated list of required vaccinations.

If a student is "in process" and has not completed immunization, he/she will be allowed to attend school. However, the Parent/Guardian is required to provide documentation, signed by a licensed physician or public health authority, as each subsequent immunization is received.

Exemption forms are available from the Health Department. Exemptions may be medical, personal, or religious reasons.

BACTERIAL MENINGITIS

The risk of getting bacterial meningitis in all age groups is about 2.4 cases per 100,000 people per year. However, the highest risk group for the most serious form of the disease, meningococcal meningitis, is the highest among children 2 to 18 years old.

Meningitis is contagious. Someone with meningitis will become very ill. In some cases, it can be fatal or cause permanent disabilities, such as blindness, deafness, amputations or brain damage.

Vaccines against pneumococcal disease are recommended. Your family doctor or the Health Department can provide you more information on this and other communicable diseases.

MINUTE OF SILENCE

According to state law, Wickliffe will observe approximately one minute of each school day, which will occur at the beginning of the student's first hour class. The minute of silence is designated for the purpose allowing each student the opportunity to exercise his/her

individual choice to reflect, meditate, pray, or engage in any other silent activity that does not interfere with, distract or impede other students in the exercise of their individual choice.

VISITORS

Parents are invited and encouraged to visit our school at any time. For safety reasons, we *require all visitors* to check in at the main office when they enter the school. Visitors will sign in at the office and will be issued a visitor's badge. The visitor will check out at the office when the visit is over. Parents wishing to have a conference with a child's teacher should call in advance so that we can make arrangements for the visit.

*Students are NOT permitted to have student visitors in classes.

SPECIAL EDUCATION

Special education means specially designed instruction, at no cost to the parents, to meet unique needs of a child (ages 3-21) with one of the following disabilities: autism, deaf-blindness, deafness, or hearing impairments, developmental delays, mental retardation, multiple disabilities, orthopedic impairments, other health impairments, serious emotional disturbance, specific learning disabilities, speech or language impairments, traumatic brain injury or visual impairment.

Special education services may include:

- Specially designed instruction in the classroom (regular classroom with support services, part-time special education classroom, and full-time special education classroom).
- Specially designed instruction in the home, hospital, institution, or other setting;
- Speech-language pathology services;
- Physical education with modifications;
- Vocational education with modifications;
- Related services such as transportation, speech-language pathology, physical and occupational therapy, identification and assessment, and counseling.

Wickliffe school embraces a philosophy of inclusion in the regular school community for all students. To the maximum extent appropriate, students with disabilities are included in the regular educational environment. The amount of time to be spent in general education classes is determined by the Individualized Education Program (IEP) for each student on an individual basis.

PROFICIENCY-BASED PROMOTION

Proficiency-based promotion (PBP) provides the opportunity for students to move forward in their educational endeavors by subject, course, and/or grade level based on mastery of Priority Academic Skills (PASS), not upon time spent in classes or completion of assignments. Parental involvement is integral in the PBP process as is the consideration of the student's social, emotional, and intellectual needs. PBP is intended to serve those unique students whose needs cannot be met by following a traditional timetable and sequence but who require promotion beyond current placement. In accordance with state statutes, Credit by Exam assessments are offered twice per year prior to the beginning of the school year to affect the following school year's grade placement and at the end of the school year to affect the following year's grade placement. Students requesting PBP must complete the application process and take the criterion-referenced test(s) within one of the two assessment periods designated by the district.

SAFETY-WEAPONS POLICY

Dangerous weapons are a threat to the safety of the students and staff of the school district. In addition, possession of dangerous weapons, or replicas or facsimiles of dangerous weapons, disrupts the educational process and interferes with the normal operation of the school district.

For the foregoing reasons, possession by any student of a dangerous weapon, as that term is defined by this policy, or replica, or facsimile of a dangerous weapon while on school property, at a school sponsored event or on a school bus/vehicle.

A dangerous weapon includes, BUT IS NOT LIMITED TO, guns (real or toy), knives of any kind, brass knuckles of any kind, laser lights, darts, ice picks, firecrackers, explosives, cigarette lighters, matches, hand chains, glass containers and an replicas or facsimiles of the foregoing items; or any item of instrumentality which is used to threaten harm or is used to harm any person. The foregoing list of "dangerous weapons" is descriptive and by way of example only, and is not to considered and exclusive or limiting list of weapons.

Any student who violates this policy will be placed under immediate emergency suspension pending investigation.

GUN-FREE SCHOOL - according to Oklahoma statutes and Board policy, a student who brings a gun to school will be suspended from the school for a period of not less than one year.

Any out-of-school suspension imposed under this policy may be modified for any student on a case-by-case basis by the Superintendent. Out-of-school suspensions shall be subject to the procedural safeguards set forth in the district's policy.

It is the policy of this school district to refer to the appropriate criminal justice or juvenile delinquency system any student who violates this policy. Any firearm seized from a student by any school employee shall be immediately delivered to a law enforcement authority for disposition pursuant to applicable law.

STUDENT DISCIPLINE POLICY

"The teacher of a child attending a public school shall have the same rights as a parent to control and discipline such child during the time the child is in attendance or in transit to the school or classroom presided over by the teacher." (Article VI Section 114, School Laws of Oklahoma)

DRUG-FREE SCHOOLS

In recognition of the clear danger resulting from illicit drug and alcohol abuse and in good faith effort to promote the health, safety, and well-being of students, employees, and the community, the Board has implemented a developmental based drug and alcohol education prevention program for grades Kindergarten through eighth (K-8). Students are hereby notified that the use, possession or distribution of illicit drugs, on-intoxicating beverages (as

defined by state law) and alcohol is wrong and harmful. Therefore, standards of conduct prohibit the unlawful possession, use or distribution of illicit drugs, non-intoxicating beverages and alcohol by students on school premises or as part of its activities. Disciplinary sanctions will be imposed on students who violate standards of conduct required by this policy. Such sanctions will be consistent with local, state and federal laws, up to and including probation and suspension as well as referral for prosecution. Completion of an appropriate rehabilitation program may also be recommended.

Information about drug and alcohol counseling and rehabilitation and re-entry programs will be made available through the school office.

The standards of conduct and the disciplinary sanctions imposed by this policy will be part of the required notification to parents and students established by the "The Drug Free Schools and Communities Act Amendments" PL10 1-226, which requires that State, as well as focal educational agencies, must certify that it has adopted and implemented a program to prevent the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees.

TOBACCO PRODUCTS

Possession, smoking, and the use of tobacco products in any form, as well as simulated tobacco products, are prohibited on the school district's property. The prohibition includes school buildings and grounds.

PROHIBITING HARASSMENT, INTIMIDATION AND BULLYING

Statement of Legislative Mandate and Purpose:

This regulation is a result of the legislative mandate and public policy embodied in the School Bullying Protection Act, 70 O.S. 24-100.2. The Oklahoma Legislature requires school districts to adopt a policy to prevent harassment, intimidation, and bullying in an effort to "create an environment free of unnecessary disruption" and also requires school districts to actively pursue programs for education regarding bullying behaviors. Wickliffe School prohibits harassment, intimidation, and bullying.

Bullying, harassing, and intimidating behavior often involves expressive gestures, speech, physical acts that are sexually suggestive vulgar, profane, or offensive to the education or social mission of this school district, and at times involves the commission of criminal acts. This behavior interferes with the curriculum by disrupting the presentation of instruction and also disrupts and interferes with the student-victim's or bystander's ability to concentrate, retain instruction, and study or to operate free from the effects of intimidation, harassment, and bullying. This results in a reluctance or resistance to attend school.

Riding the bus is a privilege offered by the school district. Students are urged to regard the bus as another classroom as far as conduct is concerned. Please use good manners and judgment when you are on the bus. The driver has absolute authority and is expected to maintain discipline to prevent accidents. Any activity causing distraction of the driver or vandalism to the bus will be cause for the loss of the privilege of riding the bus.

Bus Riding Rules

Riding the bus is a privilege and the privilege may be removed for not abiding by the bus riding rules.

Prior to loading the bus, students should:

2. Stay off the road at all times while waiting for the bus.

VIDEO SURVEILLANCE POLICY

The district is committed to nurturing a safe, caring and positive environment. In order to provide for the personal safety and security of students, staff and patrons while on district property and while attending district functions, as well as to protect district property, the Board supports the use of video surveillance of vehicles and school property in accordance with guidelines established by the administration. The Superintendent and/or appointed designee(s) will be responsible for managing and auditing the use and security of video surveillance cameras. This policy is expected to encourage individuals to demonstrate respect for themselves, for others and for the surroundings.

HEALTH SERVICES

School children sometimes complain of illness at school and are unable to continue with their class work. We use the following criteria to make decisions about whether to send a child home or return a child to class:

1. A child with a temperature of 100 degrees.
2. A child who vomits at school.
3. A child who reports diarrhea and states that he/she is having difficulty getting to the restroom on time.
4. A child with a questionable rash.
5. A child with "pink eye" and who has discharge in the eye.
6. A child who is so uncomfortable that he/she is not able to function in school.

Students becoming ill during the school day should report to the office. Except in an emergency, all students must have a pass from their classroom teacher before coming to the office. If there is a necessity to go home, the office will inform the parent. The student will be released to the parent when they have been signed out in the office.

MEDICATION

To administer prescription and non-prescription medication, the pharmaceutical container with the correct dosage, the name of the drug and the student's name clearly labeled must be brought to the school. Para-professionals will administer the medication. If you have

questions containing policy, please call the school.

HEAD LICE

Every effort is made to curtail the spread of head lice to students and others associated with Wickliffe School. If head lice or nits are found on the child, the following steps will be taken:

1. Parents will receive a written notice. Before the child/children may return to school, they will need to be treated and rid of the problem; this should not result in a truancy problem for the child.
2. The child will be re-checked for signs of lice and/or nits.
3. If lice or nits are present the child may be sent or taken home, providing proper supervision for the child is available.
4. A student is allowed to return to school when a doctor, nurse, medical clinic, or other certified medical personnel needs to confirm in writing that the child is free of nits and lice.

SCHOOL PROPERTY

If, for whatever reason, a student cannot return a textbook, library book, uniform or any other equipment that is checked out to him/her, the student will be charged for the cost of the item. If books or other school property is not returned when a student transfers to another school, this may cause delay in sending the records to the receiving school.

TECHNOLOGY PROTECTION MEASURE & INTERNET SAFETY

Wickliffe School is pleased to offer students access to a computer network for the internet and other educational sources. Wickliffe's computer network and the internet offer vast

diverse and unique resources to both students and teachers. Our goal in providing this service to students and teachers is to promote educational excellence by facilitating resource sharing innovation and communication. To gain access to the computer network and internet, all students must obtain parental permission as verified by signature on the Wickliffe AUP form. Should a parent prefer that a student not have internet access, use of the computers is still possible *for* more traditional purposes such as word processing, remediation and program specific software. Students will be asked to sign a new policy each year before they are given access to the Wickliffe computer network.

Wickliffe School does not provide access to part-time online courses in internet-based instruction.

ACTIVITY & ATHLETIC RULES

While on school trips, sponsors are in charge and students will be held accountable for all their actions. Students are expected to behave in an acceptable manner and are still subject to all school rules.

Eligibility for Extra-curricular Activities

Scholastic eligibility for students will be checked after three weeks (during the fourth week) of a semester and each succeeding week thereafter. Wickliffe will run eligibility checks each Friday morning to determine eligibility for the following Monday. The period of probation and ineligibility will always begin on Monday following eligibility check.

A student must be passing in all subjects he/she is enrolled in during a semester. If a student is not passing all subjects enrolled in on the day of eligibility check, he/she will be placed on probation for the next week period. If a student is still failing one or more classes the next week on grade check day, he/she will be ineligible to participate during the next week period. The period of probation/ ineligibility begins on Monday and ends on Sunday.

A passing grade is 60% or better.

If a student quits any sport for whatever reason, he/she will not be allowed to return to that sport for the remainder of the school year.

If a game is missed, without good reason (illness, family crisis, etc.) the player will sit out an amount of time which will be determined by the coach.

Other things that can determine playing time, which is left to coaches' discretion, are attitude, work ethic, following directions, and sportsmanship.

EVACUATION & SAFETY PLANS

The safety of our students and staff is a priority for the school. We have plans for intruders, fire, tornadoes and other possible crisis. These plans are reviewed and practiced throughout the year. If you have a question about our procedures, please call.

If you are visiting the school during a crisis, we ask for your cooperation in keeping the safety of our student body. Students will not be released if a situation arises that requires us to implement one of these plans until the administration has deemed the situation as safe.

Tornado - if a tornado warning is announced while you are visiting the campus, we ask that visitors go to the girls' restroom in the gym, or the kitchen office.

Fire - if a fire warning is announced while you are visiting, we ask that you join the rest of the school community on the softball field.

AHEA PL99-5519

In response to the Asbestos Hazard Emergency Act, PL 99-5519 and EPA regulations, in the summer of 2005, we completed a re-inspection of our buildings that contained asbestos building materials. The inspection results indicate that areas that contain asbestos pose no health problems. The management plan and results of the re-inspection are available for your viewing during office hours. Please call for an appointment.

FAMILY & EDUCATIONAL RIGHTS & PRIVACY P&T. PI 93-380

The revised Family Rights & Privacy Act became a Federal law in November 1974. The intent of this law is to protect the accuracy and privacy of student educational records. Without prior consent, only you and authorized individuals having legitimate educational interest will have access to student educational records. These rights are:

The right to inspect and review the student's education records within 45 days of the day the district receives the request for access. Parents or eligible students should submit a written request to school administration that identifies the record(s) they wish to inspect. School administration will arrange for access and notify the parent or eligible student of the time and place where the records may be inspected.

The rights to request the amendment of the student's education records that the parent or eligible student believes are inaccurate. Parents or eligible students may ask the school to amend a record that they believe is inaccurate. The school administrator will clarify and identify the part of the record in question, and specify why it is inaccurate. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks to enroll.

The right to file a complaint with the U.S. Department of Education concerning alleged

failures by the school district to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are Family Policy Compliance Office; U.S. Department of Education; 400 Maryland Avenue, SW, Washington, DC 20202-4605
